IMPROVEMENTS TO SERVICES

- *Public Service Center* — A new Public Service Center has been established to improve services to the public. This center will serve as the focal point for responding to public inquiries, complaints, and, hopefully, commendations so that service deficiencies can be resolved and highly motivated, service-oriented employees can be recognized. Initially the center will focus on specific problems in obtaining copies of patent and trademark registrations, copies of official documents, and patent and trademark file histories. The Center is located in CP3-2C30. The telephone number is (703) 557-5168.

Official Searches — All requests for missing, abandoned, patented, registered trademark, and pending patent application files should be directed to the Record Room, located in CP4, Room 1D01, the southeast corner of the Public Patent Search Room. Submission of requests directly in this location will expedite handling of such requests.
